

Thinksheet 3.14: What Am I? The Anatomy of a Graph

Name: _____

Directions: Write the parts of the graph in bold print inside the correct empty box.

1. **Title** of the graph: This tells the reader what the graph is about.
2. **Horizontal axis**: The groups (subject) on the graph that go across the bottom of the graph.
3. **Vertical axis**: The number (or frequency) of the groups (subject) on the graph that go on the side of the graph.
4. **Scale**: The scale is the amount or frequency on the side axis.
