

Thinksheet 3.21: Creating a Table

Name: _____

1. Identify three animals you want to find fun facts on. List them below.

- a. _____
- b. _____
- c. _____

2. Choose four facts you want to find out about your animals. Some ideas include: where they live, what they eat, how long they live, how much they weigh, and how tall they are. List the four facts you want to find out below:

- Fact 1: _____
- Fact 2: _____
- Fact 3: _____
- Fact 4: _____

3. Use resources to research your animals. A good website to visit to get some of this information is National Geographic. Use this blank table to input your information.

Fun Fact	Animal 1	Animal 2	Animal 3
Fact 1			
Fact 2			
Fact 3			
Fact 4			

4. What would be a good title for your table?

Have your teacher check your facts before creating a final draft of your table.
